A word that comes to mind immediately when I think of her is “bold.” This aspect of his personality comes out most ferociously in the book of memoirs. It implies we’re all here in this world to do a timepass our own way, right! So, this book is all about Protima Bedi: wife of Kabir Bedi and one of the most famous Indian classical dancers (Odissi style). While she was still married to him, she was attracted to her German neighbour (Kabir was always away; she was having an affair with another actress, Parveen Babi, at the time). Very much! Aside from these little things, I think this lady was amazing and full of energy. Everyone faces one or the other problems in childhood. He had his share of the wrongs. Obviously, against his parents, he had a victory with Kabir Bedi after he ran away from home, continued to sleep with other men-married Kabir Bedi-> continued to sleep with other men-> had an affair with Parveen Babi and Others, with full knowledge in Parotima-> Both continued to sleep with each other-> Finally a day they became divorced-> asked for almost no food – her children had to stay with her – she kept sleeping with others – she kept looking for something for Sothe her excitement, something to channel her energy and something that could be quite meaningful and strong enough (a stronger reason than her children!) to give a purpose to her life. Unfortunately, when the brave few truly embrace such virtues, society itself fails them. A candid memorial of someone who dared. It was a time when few women wore anything but full-length sari, including actresses and models. Unfortunately, the boy Siddharth became schizophrenic as a young man and committed suicide at the age of 26 – took Sanyas course, not exactly in the traditional way) - morÃ¥ in a landslide in the Himalayan arms ah ehc arongis atseuq rep olos am ,aicadua aus al o Ãtiborp aus al , Ãticinu aus al rep non :orbil li otlom otuicaip ¨Ã im ehc odnecid eraizini ierroV :ekaT yM arutan alled aiccarb el art erirom erpmes avelov erdam aus ehc orbil len ²Ãnoiznem ideB ajooP e otarepucer iam uf non oproc lI .oiggaiv otseuq ni iel id etrap ottaf ah ehc ,ideB ajooP id olleuq ehcna e otirips ous li otulaS .iel rep acilpmi ossets ol e ottefrep ¨Ã onussen iop am ,acitsatnaf annod anu e etnednerpros oibbud aznes arE !iel id us esoc enucla eranoiznem lad imramref a oirporp ocseir non ehc etrof ¬Ãsoc ¨Ã erettarac ous li aM .inimou ilg ortnoc erettabmoc a opmet ous li ²Ãssap noN .otseuq id otlom ¬Ãtnep is ehc :orbil len otanoiznem ehcna otats ¨Ã ,¬ÃS .aznegilletni ¨Ã evircsed al ehc alorap artla'nU. Instead, he did his thing. The only difference Ã¨ that we, normal women, are too afraid of the rules established by the society and Protima wasn't. The strange thing is that she herself has further created a 'dysfunctional' family.What an irony! - He was the victim of child abuse! - She was a rebel from childhood and sÃ¥, there is no need to mention that Ã¨ became a pain for her parents - she gave full freedom your sexuality Once he sprouted, he slept with countless men. I couldn't think of any other male or female dancer who only mastered the craft on the strength of will - power and dedication. Later¹ in his life, he founded a successful school called 'NrityagramÂÂ one of its kind in India. _____ Well, this was it. PleaseÂÂ feel a Ã ④ ÂÂculpabilityÂÂ. Life was too short to indulge in pettiness, lies (and to use missiles for peaceful purposes). I think it was Protima's intelligence and self-esteem that made her live the life she lived. he lived.
